To the Market Gardeners.

WE TAKE PLEASURE in presenting our MARKET GARDENERS' PRICE LIST for 1890, feeling assured that the Seeds which we offer, both Vegetable and Flower, are of the highest quality and sure to please our patrons. In comparing our prices with others, we ask a careful consideration of the quality and high grade of our stocks.

Onion seed, which was a light crop in all sections last season, runs high in price for 1889 stock. Old seed will be quoted low, but is unfit for use.

Another decided advantage we possess over any other seed house in the NORTHWEST, is the fact that all our Seeds are thoroughly TESTED in our Greenhouses before an ounce of it is offered, therefore our patrons can be sure of getting first-class seed in every particular.

When Vegetable Seeds are wanted by Mail, in quantities of $\frac{1}{2}$ lb. and upward, postage must be added to the prices quoted in this list, at the rate of 8c. per pound. Postage on Peas and Beans, please add 15c. per quart, and on corn, 10c. per quart, to prices given.

WE MAKE A SPECIALTY OF

MARKET GARDENERS' TRADE.
